## MULOCK RETIRES

### AYLESWORTH WILL SUCCEED

Sir William to become Chief Justice—  
Formalities take place on Monday

Ottawa, Oct. 11.—Sir Wm. Mulock will be appointed Chief Justice of the new eastern court division in Toronto. Earl Grey will be here on Sunday and the formalities in connection with Sir William's retirement will be put through on Monday. The same evening he will be tendered a farewell dinner by the Premier. A. B. Aylesworth will run in North York. He did not only get Sir William's constituency, but his Department. The new minister will become Postmaster General.

### WELL KNOWN CLERGYMAN

#### GONE

St. John, N.B., Oct. 12.—The death took place this morning at his home in Fredericton, of Canon G. C. Roberts, one of the best known Ministers in the Episcopal Church of this diocese and long rector of Fredericton. He is the father of Charles G. D. Roberts and Theodore Roberts, the well known writers.

### BAD ONTARIO FIRE

Marmora, Ont., Oct. 12.—Marmora has been visited by another disaster. A fire started at three o'clock this morning in St. James hotel sheds, burning the new cement stables and drive house, Hugh Warren's blacksmith shop, Wiggins & Gray's barn, sheds and storehouse, W. D. MacKenzie's barn, J. W. Pearce, storehouse and barn, Mrs. C. W. Beach's residence, Mrs. Geo. Beach's residence, Glanville McDonald's store, Dr. Jones' residence, Mrs. Wilkinson's residence. The Pearce lumber yards were on fire, but the fire was put out before doing much damage. There was a high wind blowing, but rain saved the town from being a total ash-heap.

## ODDFELLOWSHIP

In Alberta — Fraternal Gathering in the Rooms of the Edmonton Lodge

Friendship Lodge No. 7, I. O. O. F., of Edmonton, had a great housewarming last evening. It was the occasion of a visit from the brethren of Fort Saskatchewan, among whom were E. Clark, N. G.; G. H. McEvoy, V. G.; C. Carmichael, Financial Secretary; A. C. Dewar, I. P. G.; and Bros. W. G. Shera, W. B. Whitte, McCallough, Whitehouse, Simmonds, A. Lustig and A. Carscadden. A. Carscadden is the presiding officer of Edmonton Lodge, and with the assistance of his fellow officers, duly sustained the honors extended by his lodge. The principal part of the program was the conferring of initiation on new candidates and the degree team of Edmonton lodge put on the work in most excellent style. The lodge is growing rapidly in membership and is among the strongest in the Order. After routine a tasty luncheon was served. Speeches and songs followed. Among those taking part in addition to the brethren from the Fort already named, were Messrs. McLeod, Caskey, Dolan, of Owen Sound, Dr. Ferrie, St. Clara, Catterham, of Strathcona, W. Haight, Jno. McKay, Charles Brown, Woods, McNally of Toronto, J. Cunningham, Kemp.

Ald. May found an opportunity during the evening to relate an unfortunate occurrence which had befallen a family named Kennedy, who by a prairie fire had lost not only the dwelling on their homestead but all their clothing and a sum of money which they had put away in the house. The family had just returned to the city. The brethren immediately put their hands in their pockets, and in a short time something like \$75 was placed in the hands of the lodge secretary, to be handed to the unfortunate family. This was exemplified one of the cardinal principles of Oddfellowship. In his address to the lodge the chairman intimated that in a short time a grand lodge for the province of Alberta would be instituted, showing in its own way the rapid growth enjoyed by this popular and prosperous Order.

## POLITICAL

### MARGAREPY A CANDIDATE

October 12, 1905.  
Louis Lagasse, Esq.,  
President of Morinville  
Municipal Association:

Dear Sir,  
In reply to the requisition forwarded to me by yourself, on behalf of members of your association and electors of the Provincial District of St. Albert, asking me to offer myself as a candidate at the coming contest in your constituency.

I have much pleasure in accepting your request.  
I pledge myself, if elected, to support the Rutherford Government and the general policy of the Liberal Party.

In order that my candidature may not cause any division in our party, I shall hold myself in readiness to withdraw if in favor of the recognized candidate of the Provincial Government.

Yours truly,  
WILFRID GAREPY.

### THE ISSUES IN THE WEST

(Toronto Globe)

The eastern and western press hostile to the Dominion Government should get together and see if it would not be possible to arrive at some degree of harmony as to what are the issues in the approaching contests in the two new Provinces. The eastern reader is led to suppose that an earthshaking contest is about to take place on the question of separate schools. The fact of the matter is that one can scarcely find a reference to the question in the speeches of Western leaders or in the columns of Western papers. There will be no school question in the elections in the Provinces and the reason is because the people of the West are in a large measure satisfied with the clause in the autonomy bills relating to education as amended. They were left in virtual control of their education affairs. With full control over the educational funds, and possessing the power of inspecting all schools, the Legislature will have no difficulty in making them whatever it wishes short of taking away the right of a minority in a school section, whether Roman Catholic or Protestant, to establish a separate school.

The matter that the Conservative leaders in their own provinces are inclined to make their chief grievance against the Dominion Government, made over to the Provinces. We feel sorry for any public man who has to make this the chief plank in his platform. It is only by the exercise of equivocation. The Dominion Government had to choose between giving "the Provinces the Crown lands" or making a "land grant" to them in lieu thereof. If it chose the latter course, for reasons that are so obvious that the most thoughtless citizen can scarcely fail to miss them. If the Government had chosen to give the Province the public lands instead of an annual payment for them, the Provincial authorities would be under the immediate necessity of selling them in order to provide a revenue for the maintenance of the public services. That indeed is what Mr. Bennett, leader of the Opposition in Alberta, proposes to do. He cannot afford to give them away as the Dominion does, and the policy of free lands may be said without exaggeration to be the basis upon which the Government is rearing the progress and expansion of the Dominion. What would the immigration program be without the maintenance of a network of free homesteads? Take away the offer of lands for the landless and the whole immigration expenditure might as well be stopped. There could be no question as to what was the proper course for the Federal Government. It is bound to maintain the allotment of free lands, and that could only be secured by retaining the lands in its own hands.

The policy which it has so successfully pursued for the past nine years is the best for all concerned. But for there would have been no new Provinces in the West. It will maintain their progress, while at the same time every new settler becomes a contributor to the Federal revenues and assists in carrying the national burdens. Both the Provinces and the Dominion are benefited by the Federal administration of the lands. These are the real facts of the case. Although the Conservative press has been busy for all the acts of the Government, some discreditable or even corrupt reason which never reaches anything more intelligible than a vagueness in the vaguest species of innuendo.

## THE EQUIVOCATOR

R. B. Bennett, leader of the Alberta Conservatives, delivered his campaign speech to a large audience in the Thistle rink on Monday evening, and repeated it Tuesday at Fort Saskatchewan. In form and substance the oration has not been materially changed since its first production in this district at Stratheona some two weeks since. Some of the more dangerous passages have been smoothed out, several new five-syllable words have made their appearance and the rate of delivery has been increased by a few words per second. Otherwise neither the nature, nor the appearance of the program has been altered. In its present form the effusion constitutes a very fine display of well-assorted, platform pyrotechnics, which can be shot off in thirty minutes, but are usually continued according to the mood of the operator and the patience of his audience. The old Greek fire background of constitutional sophistry remains; so also the verbal whappings about "coercion," and "shackles" and the resonating shell of "loans to settlers," while the linguistic rockets which engage the public attention at the point where Mr. Bennett might be supposed to declare some policy regarding schools and taxes have been multiplied in number and increased in soaring power. As a feat the speech has probably been improved, as the utterance of a party leader and would-be premier, it remains the irresponsible overture of a policyless politician.

As the reader of Alberta Conservatives it is not unreasonable to expect from Mr. Bennett some exposition of the avowed policy of that party directed and adopted in Provincial convention. It is at issue is reasonable to expect him to publicly enunciate that platform, and adopt it as a basis for his public utterances. In none of these matters has Mr. Bennett played the part of a leader. According to his attitude a party platform is a structure to be avoided. Instead of directing on the strength of its composition Mr. Bennett will not trust himself on the party stand for a single evening, nor even use it as a foundation for his oratorical card-castles. So far from glorying in the comprehensive prospect afforded by its elevation he declines to mount the altar and takes his flight from the very moderate attitude of the constitution according to Mr. Bennett. Such callous and inconsiderate disregard for the ponderings and resolutions of the party heavyweights we do not recall in any other leader. Why this studied slight of the party platform? Was Mr. Bennett not among its authors? Was it not designed as a portable affair from which the agitators should launch their dissemination propaganda? Or has a dark doubt of the stability of the structure come over the party leader? If such be the case we are constrained to commend his belated fears without prejudice to our opinion of his courage.

As a would-be Premier of this fair Province it is not unreasonable to expect from Mr. Bennett some clear-cut statement of his policy on those questions on which he has seen fit to base his turbulent appeals and for which he has relegated to the shadows the regulations of the party which he claims to lead. It is not beyond the bounds of reason to demand from Mr. Bennett some statement of the course he would pursue in relation to schools and lands if he were made Premier of Alberta. Such demands have been made on many occasions and as often as made have been greeted with an outburst of bombastic verbosity which befuddled the issue, while Mr. Bennett made his escape. During the course of his remarks on Monday evening the Conservative leader did the Bulletin the honor of referring critically to the challenges on this point which have been made in these columns, and for a moment it looked as if Mr. Bennett had really made up his mind on the

matter; but again the torrent of words swept down upon him and left speaker and hearers with a mass of meaningless phrases which might be interpreted to involve anything from a clerical to a secular school system and from a Provincial immigration policy to a straight "land for revenue" policy. "The rights of minorities under the British North America Act" was his limit on the first issue and a land sale system "which might be adopted" his most definite pronouncement on the latter. These are the questions on which Mr. Bennett assails the present Administration, yet on them no more than on the platform of his party has he given evidence of any idea of constructive statesmanship. His attack is the attack of the destroyer not the reformer; the opportunist, not the leader; the politician, not the statesman.

# A TRIP THROUGH THE NORTHWEST

(National Stockman and Farmer, Pittsburg, Pa.)

The growing interest in the agricultural development of northwest Canada and the many inquiries for information, led the management of this paper to cast about them for reliable information, believing that it was due readers that they should have a true statement of the conditions.

When, therefore, an invitation was extended by the Canadian colonization and emigration companies working in harmony with the Canadian government, and sanctioned and assisted by it, to make a tour of that vast territory under most favorable circumstances in company with the representatives of over twenty leading agricultural papers, we made the journey covering over 5,000 miles by rail and driving over 400 miles in conveyances through the great wheat fields and over the vast cattle ranges. Seeing by day, travelling by night, spending twenty-three consecutive nights in sleeping cars, one will readily see that the trip was not a picnic but one of hard work and constant study to get at the bottom of things.

The party left St. Paul on the afternoon of August 21st, over the Soo Line, occupying two private cars, fully equipped with supplies, cooks and waiters, so that meals might be taken en route, saving time and delay at hotels.

We were delightfully entertained en route by Mr. W. R. Callaway, General Passenger Agent of the Soo line, and Mr. W. S. Thorn, Assistant General Passenger Agent, from whom we received many courtesies and valuable information. We arrived at Winnipeg, the great central gateway to the Northwest territory, the following morning, and were met by a number of the prominent citizens and railway officials, and were made to feel glad that we were American citizens because we were so cordially received, and so many nice things were said to us about our own beloved country, and its people, and the great respect the Canadians in general had for them. This was amply shown everywhere in the entire trip.

Our first surprise on arrival at the handsome new depot of the Canadian Pacific Railway at Winnipeg was in seeing what seemed to us an unusual number of people; on inquiry we were informed that over thirty-two hundred farm laborers had arrived from the adjoining provinces as well as from the United States that morning, bound for the great wheat fields of Northwest Canada. Regular trains and specials were still bringing in many more, and still they were away short of the number needed for the harvest.

We visited the towns and cities of Winnipeg, Brandon, Portage in Prairie, Dauphin, Battleford, Warman, Prince Albert, Hanley, Davidson, Lumsden, Regina, Indian Head, Moose Jaw, Lethbridge, Medicine Hat, Weyburn, and Estevan, and drove from nearly all of them many miles through adjacent country, seeing and hearing from the farmer his side of the possibilities of that country.

Which we could tell in detail of the many things being done by the Canadian Pacific Railway, and the Canadian Northern Railway, which we saw and learned from their agents regarding safe handling of settlers' stock and household effects, providing quarters at their stations until arrangements could be made to go to the farms purchased, etc.

It is expected later to publish in this paper articles on "The Growth of Canada," "Why Americans Migrate to Canada," "How the Settlers Come and are Brought in," "Two Hundred Million Bushels Within Ten Years," "Lively Times in Western Canada," etc.

The emigration and colonization companies who will later advertise in our columns we believe are honorable straightforward gentlemen. We have met their officers, they travelled with us and we had many opportunities of verifying their statements. When pressed as to what we should say in our papers, one of their presidents said, "Go home and tell the truth to your people without exaggeration, saying rather less than more of what you have seen and learned about our country, and let those interested come and see for themselves."

Last year the three territories of Assiniboia, Alberta and Saskatchewan produced 18,000,000 bushels of wheat. This year the total wheat acreage of western Canada will be about 4,000,000 acres and at a yield of twenty bushels to the acre about 80,000,000 bushels may be looked for.

# The Cream Separator that is the Cheapest in the End.

There are some folks who are everlastingly trying to get "something for nothing." They buy a wagon at a "bargain" price because the agent says it's "just as good." And then, after a few months, when the tires and spokes have all loosened up, they pass the wagon.

Price not the only Difference.

It's the same way with cream separators. You can buy many other separators for less money than the U. S. Cream Separator sells for, but before you've finished paying for the expense you'll find price isn't the only difference. The cheaper separators soon get out of adjustment because built of cheaper material by inferior manufacturing methods; they consume twice the necessary amount of oil; they have a bowl that will not run true, and does not skim clean. The repairs in the first few years would pay the difference for the U. S. Cream Separator.

Durability is Important.

The U. S. Cream Separator has stood the test of time. Many of them have been in use for 10 years, and cost less than a dollar for repairs. They run easy, skim cleaner than others, have a simple bowl, enclosed gears, and a convenient low supply can.

The Vermont Farm Machine Co., of Bellows Falls, Vt., have printed in a handsome booklet a few of the thousands of letters from satisfied users of the U. S. Cream Separator. This booklet will save you money when you buy a separator, and a post card will bring it to you.

To insure prompt deliveries and to save freight charges for their Canadian customers, they ship from their warehouses at Montreal, Sherbrooke, Hamilton, Winnipeg, Calgary and Vancouver, but all letters should be addressed to Bellows Falls, Vt.

## THE ANNUAL SURPLUS

The Canadian surplus for the last fiscal year was \$7,871,230. This is shown by the financial statement for 1904-5, which has been issued. It is a little below the estimate made by Hon. Mr. Fielding in the budget speech, when he predicted a surplus of about \$9,000,000. The revenue last year was \$71,185,626, which is half a million greater than the amount quoted the year before. Hon. Mr. Fielding estimated the probable revenue as \$71,250,000.

The expenditure during the year was \$68,308,395 against an estimate in the budget speech of \$26,250,000 and an expenditure in the previous year of \$55,612,832. The expenditure on capital account amounted to \$15,411,403, which is \$4,392,200 more than in the previous year. Mr. Fielding's estimate was for a capital expenditure of \$12,500,000. The debt is increased \$5,349,113, against an estimate of \$12,500,000.

The customs revenue showed an increase of \$181,437. The post office an increase of \$173,047. Public works an increase of \$122,131. Excise collections declined to the extent of \$972,233, and the miscellaneous account shrank \$744,166.

The principal items of interest in the expenditure on capital account are the public works, railways and canals, \$9,249,028, an increase of \$1,007,073; bounties \$2,234,535, an increase of \$1,164,613. For railway subsidies the amount paid was \$1,275,629, or \$77,248 less than the year previous.

The principal items of revenue for the last two years compared were as follows:

	1904	1905
Customs	\$16,702,610	\$14,433,648
Excise	12,988,708	12,588,474
Post office	16,000,000	17,173,047
Public works including railways	6,972,218	7,394,342
Miscellaneous	5,383,264	4,844,787

Totals \$70,609,816 \$71,185,626  
Total expenditure \$68,308,395 \$68,308,395

Total expenditure capital, \$11,949,293; \$15,411,403.

There was an increase of \$5,759,438 in the circulation of Dominion notes for the first three months of the present year. The revenue has been \$18,192,478, an increase of \$1,033,395 over the same period last year, and the expenditure on revenue account has been \$10,776,915 an increase of \$1,789,677. For September the revenue was \$5,337,122, an increase of \$255,192, and the expenditure was \$5,469, an increase of \$1,721,489.

Expenditure on capital account for the first three months this year was \$2,222,225, an increase of \$357,134.

—Herald: Last week the Alberta Grain Dealers' association was formed in Calgary. It is composed of all persons interested in the buying of grain. Mr. Strong, of the Alberta Pacific Elevator Company, was elected president; Mr. Carson, of the Western Milling Company, vice president; and W. M. Gilroy, of the Calgary Milling company, secretary and treasurer. The main objects of the association are to formulate and regulate the various standards or grades on which the buying and selling of grain will be conducted. At present the trading is on a crude sort of basis, with generally rough and ready inspection, on the spot, sometimes no inspection or classification. Hereafter it will be based on certain grades ought to be more satisfactory, as the farmer will know what the grade is and the price it ought to bring, and the same with the buyer.

## WINNIPEG MARKETS

(From the Commercial)

In the Winnipeg market, Manitoba wheat has been active and lower, and prices have declined 2 to 3c per bushel on the week, except for 1 hard which is only 1-2c lower. Deliveries by farmers at country points are about a million bushels daily and shipments to terminal elevators fully half that quantity daily. The pressure of so much wheat on the market at once depresses prices, however, and dealers have to consider the probability of early blockades, and elevators filled with wheat, waiting for cars to move it. Today's prices are—1 hard, 72c; 1 northern, 73-4c; 2 northern, 74-4c; 3 northern, 72-1-2c; spot or past Winnipeg and on the option market, futures closed, October, 75c; November 74-1-2c; December, 73-3-4c; and May 78-1-2c. All prices are in store Fort William and Port Arthur.

Oats are moving slowly, out of farmers' hands. The market for oats is firm, but demand is not urgent. The quality of the new crop is high, ear inspection being mostly No. 1 white. Prices are: No. 1 white, 30-1-2c; No. 2 white, 29-1-2c; in store Fort William or Port Arthur. Barley is in good demand at 36c for No. 3 and 35c for No. 2 in store and Fort William and Port Arthur. Flax is also in good demand and firm. The movement is on a small scale yet, and prices are 97c, No. 1, northwestern; 95c, No. 1, Manitoba, and 94c rejected, in store Fort William and Port Arthur.

## STRATHCONA ITEMS

(Bulletin special Correspondence)  
Strathcona, Oct. 11.—The funeral of the late Mrs. Mary Caroline Campbell, daughter of Mr. D. L. Campbell, took place yesterday afternoon. The funeral procession was large and gave evidence of the respect and sympathy of the citizens towards the bereaved family.

Mr. Scanlon, manager of the P. Burns Co. here, is suffering with a pedicled hand, the result of a wound from a sharp horn.

I. Ingram and his threshing crew, are in town now, owing to repairs being made to the boiler flues. He expects to be at work again tomorrow.

J. S. Smith and family moved across to Edmonton yesterday. They have been several weeks at the Dominion hotel here. Mr. Smith has an unbounded faith in the west.

There are several dangerous holes in the Strathcona and of the C. N. R. railway bridge over the river. It is to be hoped the authorities will at once set in the matter as negligence may result in accidents.

T. C. Osborne is recovering from the effects of a poisoned foot.

Thos. Clearburn, travelling salesman for the Winnipeg Safe Works, was in town yesterday. He said the town council a valuable safe for the keeping of official papers.

Dr. McIntyre and his brother, of H. M. customs, have returned from their tour in the Vermilion district. They had a pleasant time and report favorably of the great possibilities of that section.

Mr. Allan of Mount Forest, Ont., and brother of Mr. Allan of this town, is here. He was here three years ago and is amazed at the progress since then.

There was a special meeting of the council last night. Present the Mayor and Councillors Douglas, Pollard, Richards and Carmichael.

A communication was read from Councillor Cowles, now in British Columbia re sewer pipes. The same was put on file for future reference.

The council as a committee, received the reports of the board of trade re proposition submitted to them by a prospective manufacturer, soliciting free site, bonus, and exemption from taxes, etc. Messrs. J. H. Macdonald, Buch, Blain, Dr. Fuller and Mr. Cluff addressed the council re the proposal submitted to them. These gentlemen all seemed unanimous in the opinion that our council and town should do all that is reasonable and possible to induce manufacturers to come and locate here, as the establishment of such industries in our midst means civic growth, development, expansion and wealth. The mayor and his colleagues at the council board took the same view as the board of trade, and are anxious to see outside manufacturers locate here and quite willing to assist by giving certain privileges but wished to see the present proposition put in a more definite shape and to hear fuller information as to capital, securities and other minutiae before making a final decision.

## SOME MEN ARE RICH

In Edmonton today because they had foresight enough two or three years ago to buy property which, as the city grew, advanced rapidly in value. Some of them were laughed at—people called them fools—but two short years has abundantly proved the correctness of their judgment, and they are reaping the reward of their faith in the city.

The growth of the city during the past two or three years has been great, but, compared with the growth of the next two or three years it will be but as the dawn of day compared with the splendor of the noon-day sun.

You have the opportunity now to do as some few did in the past.

## The Groat Estate

is now on the market at prices which will look small—very small, indeed—in the very near future. The city is growing westward rapidly and ere long this estate will be the choice residential part. No part of this estate is more than two miles from the very centre of Edmonton today—in five years it will be in the very heart of the city.

There are 500 lots—50 x 150 ft.—to be sold on easy terms—one-third cash, and the balance in six and twelve months, without interest. There will be no taxes to pay for over a year.

## History Repeats Itself

You can buy from two to ten lots for the same money which it will take to purchase one in the present settled part of the city. Those who sow a few dollars now will reap a rich harvest in the not-far-distant future. Don't miss the chance now—TODAY—and have to say in a year: "What a fool I was that I didn't purchase a year ago." Somebody is going to make money on this estate—why not have a share of it?

## TEACHERS CONVENTION

The ninth annual convention of the Edmonton district Teachers' Convention opened this morning in the McKay avenue school, about fifty teachers being in attendance.

A program committee consisting of Misses McKee, Lyle and Messrs. Thompson, Hay, Ramsay and MacGill were elected. The resolution committee are Misses Brill, Asher, Brown and Messrs. Ben, Dubson, Bartlett, Monahan and McKee.

Miss B. S. Asher read a very interesting paper on "Progressive Steps in the teaching of writing." Mr. W. E. Hay dealt with "Commercial Arithmetic" at some length, and Mr. J. L. O'Grady enlarged on "The Function and Operation of the Rural School Grounds."

A very dainty repast will be served this evening in the McKay avenue to which the Provincial cabinet, city fathers, and the school board are invited.

## SETTLER'S HOME BURNED

W. Kennedy and wife, returned yesterday from near Mannville, where their home was burned to the ground by a prairie fire. Last July Mr. and Mrs. Kennedy left Edmonton, where Mr. Kennedy was well known, having painted the interior of the Bank of Montreal, and took up land near Mannville. A prairie fire was burning at that time farther east, and had never been extinguished. On Sunday, October 1, it worked westward and on that and the following day, Mr. and Mrs. Kennedy and his settlers in that locality all were fighting it. Despite all efforts, it burned a stack of hay owned by Mr. Kennedy. On Tuesday, October 3, a gale of wind came up and as the prairie for some little distance had not been burned over for three years, it was impossible to stop it. Mrs. Kennedy escaped wearing a few of her husband's garments, but the house and contents, including a considerable amount of money, was entirely destroyed. Mr. and Mrs. Kennedy will stay in the city this winter, he having obtained employment with Mr. C. May.

## SOLIDARITY OF PUBLIC SCHOOLS RETAINED

John Ewan, of the Toronto Globe, one of the most famous newspaper makers of the period, visited the North-West two or three months ago when Ontario was seething with agitation over the school feature of the Autonomy Bills in order to ascertain the feeling out here. At that time the Calgary Herald, Conservative, said of him: "Mr. Ewan brings to the task the training of a lifetime devoted to editorial work. His resources are enriched with experiences in all parts of the world. As a war correspondent in several memorable campaigns, a writer on political matters, Ottawa, London, and other centres of the world's news, and a close student of Canadian affairs, Mr. Ewan has won the reputation of an alert and vigorous observer of history-making events. Therefore the following analysis of things western, incidental to the school question, ought to carry unusual weight. Interviewed by the Herald, Mr. Ewan said:

"The inquiry, which was one of the main objects of my visit, namely the attitude of the people of the Territories toward the educational clause in the new constitution, I find to be the one subject upon which not a great deal of perturbation is manifest. There was a general expectation that the system with which the people of the Territories are familiar would be continued under the new dispensation, and there appears to be no objection to that. The only agitation about it seems to be in Ontario."

"How do you account for that?" "Oh, I don't know. You would perhaps accuse me of flattery if I said it was probably owing to western breadth of view, and to the fact that you have left behind you to a large extent the old world raw spots and feuds and antipathies that still flourish green on the banks of Erie, Ontario and the St. Lawrence. From the interviews I have had I would say that the point of view is that you people are determined to give every boy and girl in the west the opportunity of a good common school education. Once that is secured you are not much concerned about the efforts of denominations to teach their own."

"Many indeed, regare with active interest the effort to inculcate religious tenets, so long as it can be done without crippling the school system, and infringing on the time and attention needed to fit the youngsters for intelligent citizenship and the battle of life."

"Have you found that the provisions for separate schools are being taken advantage of to any great extent?"

"No, they are not. The Protestants are taking practically no advantage of them at all, and the Roman Catholics very little. The special denominational privileges are so infinitesimal as to be only in one or two of the larger communities is any advantage taken of them. What were started under the title of Roman Catholic Public Schools have, through the advent of a new population, become simply general schools attended by all denominations, without a hint even of denominational teaching in them. In some cases application has been made for a change in the title, so that they are now officially known as Public Schools, without any qualifying adjectives. Without incurring the odium of appearing to oppress minorities, you have preserved the solidarity of the public schools."
